

Introduction

India Chapter of National Lubricating Grease Institute (NLGI-IC) came into existence in 1997. NLGI-IC has its headquarters at IndianOil R&D Centre. Prime objective of NLGI-IC is to share information among members on Grease developments & applications related advancements. 18 corporate members from PSU oil companies and major private sectors, input suppliers, manufacturers, etc are the members of NLGI-IC. Since its inception, NLGI-IC has organised 21 education courses at various locations of India for the benefit of Grease user / manufacturer / & their related industries. These education courses are popular as they provide basic knowledge of lubricating greases & their applications.

Education Course

To educate and train people dealing with grease lubrication viz. manufacturers, users, input / equipment suppliers, etc., NLGI-IC organised 21 education courses covering different aspects of lubrication in number of industries such as Automotive, Steel Plants, Textile, Mining, Pharmaceutical, etc.

- 1st Grease Education Course on “Basics of Lubricating Greases” was organised in May, 1999 at Mumbai.

- 21st Grease Education Course on “Greases for Sugar Industry” was organised at Kolhapur, during December 16-17, 2019, where around 45 delegates participated.

Zoom App

In view of the current COVID-19 pandemic situation, NLGI-IC board decided to conduct 22nd Education Course on the Topic “Tribology of Greases” on virtual platform. Well known industry experts available globally will be sharing their experience and expertise with the participants of this education course. This will be a unique opportunity for participants to interact with the industry experts and discuss their respective grease & tribology related issues, if any and implement the solutions in plants.

This Education Course will cover the following topics:

- (a) Overview of Tribology,
- (b) Basics of friction wear and lubrication,
- (c) Fundamentals and testing of lubricating greases,
- (d) High performance greases,
- (e) Bearing Tribology and Tribo-techniques,
- (f) Tribology in condition monitoring,
- (g) Base oils & additives
- (h) Storage and handling of greases,
- (i) Environmental issues related to lubricants,
- (j) Case studies

Participants are welcome to present their field problems in this education course and get suggestions from experts. This activity will also benefit of other participants. If any participant would like to present the case study, please send the details in advance so that suitable slot for presentation may be created.
