

7th WORLD TRIBOLOGY CONGRESS LYON, September 5-10, 2021

1st CALL FOR ABSTRACT

It is our great pleasure to announce the opening of abstract submission for the 7th World Tribology Congress. This international event will be an opportunity to bring together a large scientific community, to promote international exchanges and collaborations on the current topics on tribology. The conference will be organized around the ten following scientific themes and a partner event ([more details here](#)):

1. Interfacial flow and thin film lubrication
2. Wear of materials
3. Fundamentals of friction
4. Contact mechanics
5. Tribo-induced surface chemical and mechanical transformations
6. Multiscale approaches for multiphysics modelling and in situ experiments in tribology
7. Surface engineering in tribology
8. Biotribology, biomimetics
9. Tribology in manufacturing processes and industrial systems
10. Tribology to face the education and societal challenges

Partner event: 48th Leeds-Lyon Symposium on Tribology

Any contribution is welcome until 15 October 2020 through the [submission platform](#) and will be reviewed by the scientific committee. Acceptance will be notified by e-mail by end of January 2021 at the latest. Selected papers will have the opportunity to be published in the peer-review journals partners of the conference, which are referenced on the [conference website](#).

We look forward to welcome you at WTC 2021.

With Best Regards,
Philippe VERGNE & Philippe KAPSA
General Chairs

ABSTRACT & REGISTRATION

Abstract Submission

Opening: **30 March 2020**
Closing: **15 October 2020**

Early-Bird Registration

Opening: **15 September 2020**
Closing: **15 April 2021**
