9th International Conference on Industrial Tribology, ICIT 2017 Vedic Village Spa Resort, Rajarhat, Kolkata December 6-9, 2017

Pre Conference Education Courses on 6th December 2017

The 9th International conference on Industrial Tribology is being organized by Balmer Lawrie & Co. Ltd. under the aegis of the Tribology Society of India from 6-9 December 2017 at the Vedic Village Spa Resort, Kolkata. As per general practice during ICIT, two education Courses – “**Basics of Tribology**” and “**Tribology of Heavy Industry**” are being organised at the conference venue on 6th December 2017 as preconference events. These courses would be useful for students/faculty at engineering colleges as well as for industry engineers who could apply these learnings to their jobs.

Program Details : The two courses will be organized at the conference venue from 0900 to 1700 hours as a preconference event on 6th of December 2017.

The course on **Basics of Tribology** will initiate the participants to various aspects of Friction and Wear, Lubricants and Additives, and practical application of these concepts to Bearings & Tribotesting. Various practical aspects to enable understanding of the basic concepts of Tribology and their application will be covered during the course. These topics will be covered in four lectures during the course. These will be especially useful for engineering students and industry engineers alike who are new to the area, but can make use of the information in their work area.

The course on **Tribology of Heavy Industry** will cover the applications of Tribology to various sectors of heavy industry like Steel, Power and Mining Industry. The tribology concepts as applied to key machine elements like Bearings and Gears in use in these industries will be covered. Machinery Condition monitoring concepts of use to maintenance engineers will be covered during the course. This course will be useful for working industry design, operation and maintenance engineers from these industries, as also to researchers/academicians/ research students working on these problems in industries. **The faculty for both courses will be Tribologists from leading Academic Institutions and industries with long standing experience in their respective areas.**

IMPORTANT: These courses will be conducted concurrently. Please note that nominations can be accepted for only one of the two courses. Please note that these courses are independent events requiring separate registration from the main ICIT-2017 conference.

Who Should Attend?

Engineering Students / Research Scholars pursuing Masters/Doctorate in Tribology, Practising Engineers from various Industry working in plant operations and maintenance, Lubrication engineers from various oil industries and from Industrial R&D of Steel, Power and Heavy Machinery industry etc.

Program Fees:

Students: Rs 2000/- + GST 18%

Industry Participants/Faculty members: Rs 4000/- + GST 18%

The program fee will cover the course material plus day boarding (lunch + tea /coffee) .

Note: Special Offer: 10% discount will be offered if the participant registers for one of these courses as well as the 9th ICIT conference. (Details on page 7 of the conference brochure)

Registration form for attending the Education Courses:

Name.....

Designation.....

Organisation.....

Mailing address.....

Contact Number:

Email ID.....

I would like to register for following education course:(Please tick mark)

- Basics of Tribology
- Tribology of heavy industry

Fee* of Rs.....is paid by /Demand Draft/Cheque/Bank

Transfer No.....Dated:..... on

bank.....

(Rupees in words:)

(* please refer paragraph 4.0 of this leaflet for the program fee details)

(Drafts/Cheques should be in favour of “**Tribology Society of India**”, payable at Faridabad, or NEFT bank transfers can be made to the following account)

A/c Name : **Tribology Society of India**
A/c No. : 31710524711
IFSC / NEFT Code : SBIN0010449
MICR No. : 110002466
GSTIN : 06AACAT3031B1Z6
Bank’s Name & Address : State Bank of India, IOC Complex Branch, Sector 13,
Faridabad – 121007, INDIA
