ICAT14 VENUE

Kozhikode also known as **Calicut**, is a city in the state of Kerala in southern India on the Malabar Coast. The district of Kozhikode has a unique place among other regions of Kerala. It was here that Vasco da Gama, the Portuguese navigator set foot in 1498, resulting in the beginning of close trade relationships with European powers, which later led to the establishment of their power in Kerala. The district was the former capital of the powerful Zamorins and is known for its beautiful beaches, historic monuments, unique culture and many more. **National Institute of Technology** campus is situated at chathamangalam, 22 km north east of Kozhikode on the Kozhikode-Mukkam road. It was established in 1961 and was known as Calicut Regional Engineering College (CREC) until 2002. It is one of the National Institutes of Technology established by the Government of India for imparting high standard technical education to students from all over the country.

International Conference on Advances in Tribology-2014

February 21-24, 2014

तमसो मा ज्योतिर्गमय

Organised by

TRIBOLOGY GROUP

DEPARTMENT OF MECHANICAL ENGINEERING
National Institute of Technology Calicut

Kerala, India, Pin: 673601

Ph: +91495 2286401, Fax: +91495 2287250

Email: icat14@nitc.ac.in

ABOUT THE CONFERENCE

The main objective of the conference is to provide a unique opportunity of presenting and discussing recent developments in different aspects of Tribology and strengthen the linkage between academia and industry. The conference consists of scientific sessions, symposia on specific topics, exhibitions and various collateral events. Groups of experts will have chance to share information and get in touch with other groups and a special attention is also given to Bio-Tribology and Eco-Tribology. Nowadays these aspects are becoming more and more important both in respect of human life and environment.

It is with this background that the ICAT14 has been organized from February 21st to 24th 2014.

SCOPE OF CONFERENCE

Original contributions are invited in the following topics but papers in other related areas will also be considered.

- Wear, friction and fatigue of materials.
- Surface topography, contact mechanics.
- Lubrication and lubricants.
- Bearing design and applications.
- Mechanic components.
- Surface engineering and coatings.
- Space Tribology
- Materials characterizations.
- Test methods in tribology.
- Tribology in manufacturing.
- Industrial case studies.
- Tribology of internal combustion engines.
- Biomaterials and biomedical applications.
- Measurement and monitoring.
- Aerospace applications.
- Nano & MEMS tribology.
- Fundamental (General) Tribology.
- Bio tribology & Eco Tribology.

PUBLICATIONS

The proceedings of extended abstract will be published by Nova Science Publishers. High quality selected full papers are under consideration for publishing in the following journals,

International Journal of Tribology & Surface Engineering, International Journal of Surface Science & Engineering, International journal of Tribology Letters, International Journal of Technology Letters.

PAPER SUBMISSION

Initially an abstract of 500 words must be submitted and on acceptance of abstract, extended abstract (not more than 4 pages) have to be submitted before the dates mentioned.
