<sup>2</sup>Author affiliation

\*Corresponding author (E-mail: xxx@yyy.zzzz)

A popular article is meant to give the reader a simple explanation of something fundamental or some product. Examples of a something fundamental could be a wear mechanism or the Stribeck curve. Examples of products could be IC engines and bearings. Equipment, experimental setup from a particular company that is sold commercially is not generally encouraged.

**Figures should be embedded in the text.**

*Fig. 1: The figure captions should give as much detail as possible. This font size is '10'*
